Programming
Kickboxing
Amateur Bartender

Objective

Seeking a project position that requires my web-app/IaC/ETL skills.

Qualifications

- Experience in building new sites using Rails/Next.js.
- Experience in operating cloud environment using IaC tools.
- Experience in building/operating ETL using Treasure Data's OSS.
- Experience in leading a team of 9 people.
- English: Limited working proficiency (CEFR B2 equivalent to TOEIC 845 score).

Experience

Web Developer - 05/2022 to current

Data Engineer - 06/2021 to 04/2022

Site Reliability Engineer - 11/2016 to 06/2021

ITANDI, Inc.

- Collaborated with customer success team members to plan and implement features.
- Assessed UX/UI designs for technical feasibility.
- Managed and supervised a team of 4 full-time developers and 4 internships.
- Migrated from ETL services built with a web application to ETL tools (about 600 workflows, processing 6TB daily).
- Streamlined DevOps processes by applying IaC, CI/CD, and monitoring tools to an entire AWS environment that contains 3 products holding 700 company users.

Web Developer - 09/2016 to 11/2016

Goalist Co., LTD.

- Experience developing highly interactive applications with React.
- Experience creating secure, robust, and RESTful APIs with Rails.

Web Developer - 01/2015 to 08/2016

OIAX, Inc. / Rubyquitous, Inc.

- Assisted senior developers in the development process.
- Contributed to all phases of the development lifecycle.
- Followed best practices as model-driven, behavior-driven, and ticket-driven development.
- Experience computer programming teacher jobs and editing/proofreading computer programming books.

Education

B.E. in Mechatronics, Doshisha University - Kyoto, Japan 2014
